

CAPABILITIES STATEMENT

ASPIRING TO BE WA'S LEADING DRILL MAINTENANCE SPECIALISTS

Drillspec Mechanical is determined to become Western Australia's premier Drill contractor, striving for excellence in every project we undertake. With a focus on delivering exceptional drilling maintenance services that meet and exceed our clients' expectations, we are committed to setting new industry standards.

ABOUT DRILLSPEC

Drillspec Mechanical is a leading drill maintenance specialist based in Western Australia. With years of experience and expertise, we have established ourselves as the go-to company for all Drill maintenance in the Goldfields and Pilbara region

One of our key strengths is providing breakdown support to ensure minimal downtime for our clients, while also performing scheduled maintenance to rapidly reduce the mean time between failures.

We understand the importance of keeping drills operational, and our team of skilled mechanics are available round the clock to ensure your downtime is minimal and your achieving your availability targets

At Drillspec Mechanical, we believe in the power of preventive maintenance. We offer scheduled maintenance programs tailored to our clients' specific needs. By regularly servicing drills and identifying potential problems ahead of time, we help our clients avoid costly breakdowns and extend the lifespan of their equipment

Furthermore, we specialise in assisting with shutdowns. We have successfully run multiple shut programs for multiple clients across WA. We understand that shutdowns can be challenging and require meticulous planning and execution. Our team works closely with clients to provide expert technical support during shutdowns, ensuring smooth operations and minimising disruptions.

- **BREAKDOWN SUPPORT**
- **ROSTERED LABOUR**
- **MAJOR SHUTDOWNS**
